# COMMUNICATION

## EXTROVERTED

## INTROVERTED

I usually need time to think first before answering  
Let me speak when i am ready, don't interrupt me  
I prefer written information (e.g. text me instead of calling)

## IMPERSONAL LOGIC

## PERSONAL LOGIC

I rather have a rational logic , I like " right or wrong "  
I love principles. I am strategic  
I expect people to be rational and explain clearly

## INTUITIVE

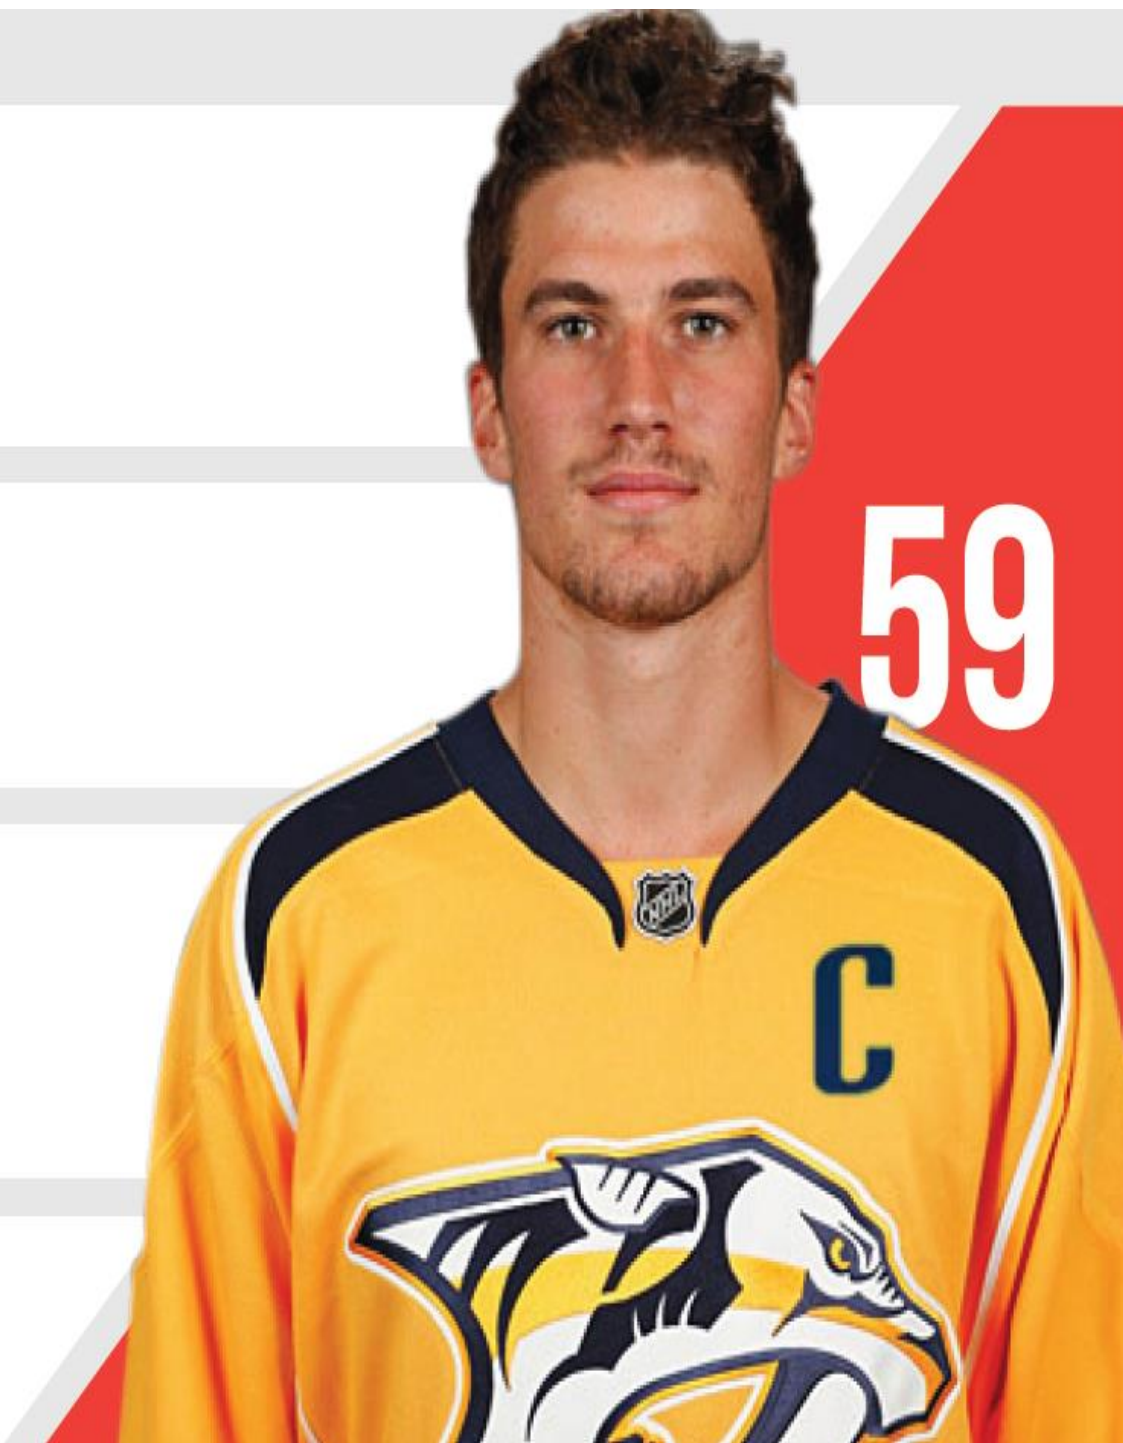

## SENSITIVE

Original thinking  
Concept and big picture first. Long term before short term  
Example: If we win our battles over and over, it gives us a better chance to win the cup at the end of the season

## ADAPTATIVE

## CONTROLLED

I like to find solutions on the go  
I rather like flexible schedules

**SELEKTIONS PROZESS**

A photograph of an ice hockey game. In the foreground, a referee in a black and white striped shirt with the number 75 is looking towards the right. To his right, a player in a yellow jersey with the number 23 is seen from the back. Further right, several players in red jerseys are huddled together, celebrating. One player's jersey has the number 71. The background shows spectators in the stands. A red banner with white text is overlaid at the top, and a white banner with red text is overlaid at the bottom.
